

SUBMITTING ENTRIES:

ENTRY SUBMISSION: all entries must be submitted through Athletic.net (link below)

- Entry link: <https://www.athletic.net/TrackAndField/meet/523002/info>

Note that if this is the first time you have used Athletic.net to submit entries to a meet - in order to submit entries through Athletic.net, it is necessary to first create a (free) Athletic.net account for your team. If you have questions regarding how to set up an account, then feel free to contact meet director Barry Haworth via email at bmhaworth@louisville.edu

ENTRY DEADLINE: the **entry deadline is 9:00pm on Wednesday, March 20** – this is a firm deadline, and so we cannot accept any entries once this deadline passes. If the meet reaches capacity prior to the entry deadline, then we reserve the right to close entries before that deadline. If the meet does close early, then we will place remaining teams on a waiting list and invite their entry into the meet if space becomes available.

ENTRIES: teams may submit unlimited entries within each event.

Note that all athletes on your roster must include a **name, grade** and **gender**. *If it's possible to include a seed performance, then that would be a great addition.*

Note that only athletes who've been entered in the meet will receive a competitor number, and only athletes with competitor numbers will be allowed to compete.

DIVISIONS: we will have athletes competing in two divisions, based on grade level (3rd-4th grade and 5th-6th grade).

RECOMMENDED ENTRY PROCESS: We ask that coaches submit entries that are as close to what will occur on race day as possible. E.g., please do not enter all of your athletes in just one event, knowing that they will compete in other events as well.

If you forget to enter an athlete in a particular event, we will still allow that athlete to be added (on race day) to other events – again, assuming that the athlete has been previously entered in at least one event and already has a competitor number. There is no formal (race day) addition process - any athlete being added on race day only needs to report to the start of their event.

4 x 100 and 4 x 400 RELAYS: all relay teams should consist of athletes from the same division (i.e. all relay team members should be in the same division). If you mix younger athletes and older athletes, then you should run those relays in the older age division.
